

Controle de câmera PTZ

# Controle de câmera de 3 canais com placa RMC-2P

|                        |                                                                          |
|------------------------|--------------------------------------------------------------------------|
| Maximum Camera Control | 3                                                                        |
| Present (Position)     | 4 for each camera                                                        |
| Control Protocol       | Datavideo DVIP                                                           |
| Connection to Cameras  | Ethernet                                                                 |
| Input/Output           | USB 2.0 x1<br>10/100Mbps Ethernet (RJ-45 connector) x1                   |
| Build-in Control Panel | ---                                                                      |
| Firmware Upgrade       | Via USB                                                                  |
| Dimension              | 134x169x97mm                                                             |
| Weight                 | 0.36 kg                                                                  |
| Operating Temp. Range  | 0°C ~ 40°C (32°F~104°F)                                                  |
| Storage Temperature    | - 10°C ~ 60°C (14°F~140°F)                                               |
| Operating Humidity     | 10 % to 80 % (non-condensing)                                            |
| Power                  | DC 5V, 8W or IEEE 802.3af                                                |
| What's in the Box      | 1 X RMC-2P main unit<br>1x USB type C to type A cable<br>1x Bottom Plate |
