|-------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| 모델 넘버                         | <b>DAC-9P</b>                                                                                                             |
| 제품                            | <b>HDMI to SDI 컨버터</b>                                                                                                    |
| <b>Configuration</b>          |                                                                                                                           |
| Conversion                    | HDMI to 3G/HD/SD-SDI                                                                                                      |
| Video Inputs                  | 1x HDMI                                                                                                                   |
| Loop Through                  | ----                                                                                                                      |
| Video Outputs                 | 2x 3G/HD/SD-SDI with embedded Audio                                                                                       |
| Audio Inputs                  | 2x HDMI Audio embedded                                                                                                    |
| Audio Input Impedance         |                                                                                                                           |
| Audio Outputs                 | 2x SDI Audio embedded                                                                                                     |
| Audio Output Impedance        |                                                                                                                           |
| Audio Format Selection        | ----                                                                                                                      |
| Audio Gain                    | ----                                                                                                                      |
| Supported Video Input Formats | 1080p (23.98/24/25/29.97/30/50/59.94/60Hz),<br>1080i (50/59.94/60Hz),<br>720p (50/59.94/60Hz),<br>576i (PAL), 480i (NTSC) |

|                           |                                                          |
|---------------------------|----------------------------------------------------------|
| Output Resolutions        | Automatically matches the SD, HD and 3G HDMI video input |
| Equalizer                 | ----                                                     |
| Reclock                   | ----                                                     |
| SDI Cable Drive           | Yes                                                      |
| Updates and Configuration | ----                                                     |
| Dimension (LxWxH)         | 112 x 85 x 45 mm                                         |
| Weight                    | 0.3 kg                                                   |
| Operating Temp. Range     | 0~40 °C                                                  |
| Power                     | DC 12V, 5W                                               |
| What's in the Box         | 1 x DAC-9P<br>1 x AD Switch DC 12V                       |
