

## Education Production Bundles

All DataVideo Education Production Packages Include Curriculum For Your CTE Classrooms.

DataVideo has created four different bundles with curriculum for schools, complete with a full list of video equipment, lesson plans, textbook, and activity book. Students will be able to produce news shows, morning announcements and other live event productions based on the ISTE Student Standards.

**datavideo**  
DATAVIDEO ACADEMY

The Teacher's Guide Online Course on the DV Academy learning platform is designed to support educators with clear, step-by-step tutorial videos that simplify implementation and maximize impact in the classroom. Through easy-to-follow lessons, teachers learn how to effectively use the education production tools to create more engaging, interactive, and dynamic learning experiences for students. The course is fully online, allowing students to learn at their own pace and revisit content whenever needed.

Access to the complete online course and tutorial videos is included with the purchase of the Education Production Bundle, ensuring teachers have everything they need to confidently enhance student learning from day one.
