|                        |                                                                                  |
|------------------------|----------------------------------------------------------------------------------|
| Model Number           | <b>HBT-50</b>                                                                    |
| Product                | <b>4 channel HDBaseT Receiver</b>                                                |
| Video/Audio Input      | HDBaseT x 4 (with PoE and IEEE 802.3at)<br>Cable Type: Cat6A shielded            |
| Video/Audio Output     | HDMI x 4 (up to 1080p50/59.94/60)<br>SDI x 4 (up to 1080p50/59.94/60)            |
| Supported Video Format | 1080p: 60/59.94/50/30/29.97/25/24/23.98<br>1080i: 60/59.94/50, 720p: 60/59.94/50 |
| Video Process          | ---                                                                              |
| Video bandwidth        | ---                                                                              |
| DVIP                   | RJ-45 x1(input)                                                                  |
| RS-422/<br>RS-232      | RJ-45 x 4 (RS-232/RS-422)                                                        |
| Power                  | AC In                                                                            |
| PoE Output             | 65W per channel                                                                  |
| HDBaseT Distance       | 1080p50/59.94/60 up to 100m by CAT.6 cables                                      |
| HDMI compliance        | ---                                                                              |
| HDCP compliance        | ---                                                                              |

|                       |                                     |
|-----------------------|-------------------------------------|
| Audio support         | ---                                 |
| Dimension (LxWxH)     | 440 x 286 x 49mm                    |
| Weight                | 4.2 kg                              |
| Operating Temp. Range | 0~40 °C                             |
| What's in the Box     | 1 x HBT-50 main unit<br>1 x AC Cord |
