|                               |                                                                                                                                                                                           |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Model Number                  | <b>NVD-25</b>                                                                                                                                                                             |
| Product                       | <b>IP video decoder</b>                                                                                                                                                                   |
| Audio/Video Input             | Stream Input<br>· RTSP over UDP (Unicast / Multicast)<br>· RTSP over TCP<br>· RTSP over HTTP<br>· MPEG-TS over UDP<br>· RTMP over TCP<br>· UDP raw (Unicast/Multicast)<br>· HLS over HTTP |
| Audio Output                  | 2 x RCA Connectors<br>SDI embedded audio                                                                                                                                                  |
| Video Output                  | Composite (analogue)<br>SDI (digital)                                                                                                                                                     |
| Network Feature               | 1x RJ-45 Female (10/100M Ethernet) DHCP/Static IP                                                                                                                                         |
| Supported Video Resolution    | 480i 60 (NTSC)<br>576i 50 (PAL)<br>720p 60/59.94/50<br>1080i 60/59.94/50<br>1080p 60/59.94/30/29.97/25/24                                                                                 |
| Supported Decoding Resolution | Up to 1080p30/25                                                                                                                                                                          |
| Control                       | Web browser UI for configuration and control                                                                                                                                              |
| Update                        | Automatic firmware upgrade                                                                                                                                                                |

|                                 |                                                                    |
|---------------------------------|--------------------------------------------------------------------|
| Power                           | Input AC 100~240V Switching Adaptor<br>Output DC 12V / 1A          |
| Environment<br>al<br>Conditions | Operating temperature□0~50°C Storage temperature□-10~60°C          |
| Dimension<br>(LxWxH)            | 220 x 143 x 47 mm                                                  |
| Weight                          | 1 kg                                                               |
| Power                           | DC 12V, 1A                                                         |
| What's in<br>the Box            | 1 x NVD-25 product<br>1 x AD Switch DC 12V<br>1 x CD for IP Finder |
