|-------|-------------------------------------------------------------------------------------------------------------------------------------------|
| 型號    | <b>CB-30</b>                                                                                                                              |
| 產品    | <b>30m綜合電纜 (MCU專用)</b>                                                                                                                    |
| 端子    | 1 x 5-pin XLR ITC/Tally cable<br>1 x 75Ω BNC for HD/SD SDI video<br>1 x 75Ω BNC for CV return video<br>1 x CAT-5 cable for Camera control |
| 長度    | 30m                                                                                                                                       |
| 適用中繼器 | VP-633 and VP-634                                                                                                                         |
| 應用作業  | EFP Multi-camera Operation<br>Mobile Video Studio<br>Up to 1080i video transmission (HD/SD-SDI)                                           |
| 電纜直徑  | ---                                                                                                                                       |
| 彎曲半徑  | ---                                                                                                                                       |
| 工作溫度  | 0~55 °C                                                                                                                                   |
| 儲存溫度  | -20~80 °C                                                                                                                                 |
